

# Michael Elliott

1 (801) 718-7068    [me@michaelliott.me](mailto:me@michaelliott.me)

I lead and grow teams that build software with a focus on quality and maintainability, and thrive in collaborative environments with a culture of continuous improvement.

## Experience

### **SOFTWARE ENGINEERING MANAGER, NAV** • SALT LAKE CITY, UT • 2017 - PRESENT

- Managing the Client Services team, supporting infrastructure, processes, and tooling across several platforms including web clients, mobile native clients, and 3rd party client integrations. Building an API aggregate with Apollo GraphQL in Node.js and TypeScript.
- Managing the Native Mobile Apps team, working on a re-imagining and rebuild of the apps using Flutter.
- Managed the Frontend team, building the UI of our direct and enterprise products with Node.js and React along with their robust ecosystems. Helped scale the team from 4 to 12 developers.

### **SOFTWARE DEVELOPMENT CONSULTANT, ELLIOTEC SOFTWARE LLC** • SALT LAKE CITY, UT • 2013 - PRESENT

- Working with businesses across many industries on software product development and technical direction.
- Instructor and curriculum designer for software courses at The University of Utah, The Iron Yard, and Thinkful.
- Advise companies including Carvana, Chargeback, Bloom Juice, Tinker Ventures, and many others on software and hardware projects, and building teams.

### **SOFTWARE DEVELOPMENT TEAM LEAD, OVERSTOCK.COM** • SALT LAKE CITY, UT • 2014 - 2017

- Used React, Redux, Node.js, and the latest JavaScript tooling to build the user interface of the e-commerce website which sees tens of millions of monthly users and hundreds of millions of dollars in revenue.
- Managed a cross-functional team of software developers and testers in the R & D department.
- Built user interfaces of applications for use by employees and partners with AngularJS, Less, and Grunt.

### **WEB DEVELOPER, 4LIFE RESEARCH** • SALT LAKE CITY, UT • 2014 - 2014

- Led development of the front end of the e-commerce site rebuild in .Net MVC, jQuery, and Sass.
- Developed and designed several web promotional campaigns and special projects.
- Built web products with content management systems and internationalization for a global user base.

### **PRODUCT ASSEMBLER & WEB DEVELOPER, IMAGE TECH SOLUTIONS** • SANDY, UT & SEATTLE, WA • 2008 - 2014

- Assembled and tested hardware components, circuit boards, and microchips for a large spectrum of hardware products including light sticks and quilting machines.
- Built the company websites and learned a lot about programming and web development while taking programming courses and working remotely in Seattle.

## Education

### **UNIVERSITY OF UTAH, BACHELOR OF ARTS IN PSYCHOLOGY** • SALT LAKE CITY, UT
