Michael Elliott

1 (801) 718-7068   me@michaelelliott.me

I help build and lead teams that make software with a focus on quality and maintainability, and thrive in collaborative environments with a culture of continuous improvement.

Experience

SOFTWARE ENGINEERING MANAGER, NAV • SALT LAKE CITY, UT • *2017 - PRESENT*

- Started the Client Services team, supporting infrastructure, processes, and tooling across several platforms including web clients, mobile native clients, and 3rd party client integrations. Building an API aggregate with Apollo GraphQL in Node.js and TypeScript.
- Managing the Native Mobile Apps team, working on a re-imagining and rebuild of the apps using Flutter.
- Managed the Frontend team, building the UI of our first and third party products with Node.js and React along with their robust ecosystems. Scaled the team from 4 to 12 developers.

SOFTWARE DEVELOPMENT CONSULTANT, ELLIOTEC SOFTWARE LLC • SALT LAKE CITY, UT • *2013 - PRESENT*

- Working with businesses across many industries on software product development and technical direction.
- Instructor and curriculum designer for software courses at The University of Utah, The Iron Yard, and Thinkful.
- Advise companies like Tinker Ventures, BloomJuice, and others on software projects and building teams.

SOFTWARE DEVELOPMENT TEAM LEAD, OVERSTOCK.COM • SALT LAKE CITY, UT • *2014 - 2017*

- Used React, Redux, Node.js, and the latest JavaScript tooling to build the user interface of the e-commerce website which sees tens of millions of monthly users and hundreds of millions of dollars in revenue.
- Managed a cross-functional team of software developers and testers in the R & D department.
- Built user interfaces of applications for use by employees and partners with AngularJS, Less, and Grunt.

WEB DEVELOPER, 4LIFE RESEARCH • SALT LAKE CITY, UT • *2014 - 2014*

- Led development of the front end of the e-commerce site rebuild in .Net MVC, jQuery, and Sass.
- Developed and designed several web promotional campaigns and special projects.
- Built web products with content management systems and internationalization for a global user base.

PRODUCT ASSEMBLER & WEB DEVELOPER, IMAGE TECH SOLUTIONS • SANDY, UT & SEATTLE, WA • *2008 - 2014*

- Built the company's website and learned *a lot* about web development and programming.
- Assembled and tested circuit boards and microchips for a large spectrum of products.
- Trained and certified in web development at Code Fellows while working remotely in Seattle.

Education

UNIVERSITY OF UTAH, BACHELOR OF ARTS IN PSYCHOLOGY • SALT LAKE CITY, UT
